

CITIZENSHIP IN THE COMMUNITY

February 4, 11 and 18, 2012

Feb. 4 Introductions and overall merit badge completion plan. (Read the book!)

Requirements for this badge are listed on p. 2 – 3.

These are the requirements and the dates on which they are due:

Feb. 4 1. Discuss Requirement #1. Participation is expected and all Scouts present will complete Requirement #1 in this session.

Feb. 11 2. Homework requirement: 2 a (1) (2) (3) and b from pages 11 -18. Report due.

Feb. 18 3. Homework requirement 3 a & b. School boards, city councils, and township boards often meet only once a month, so you have permission to do this in advance of February 4th; in fact I would encourage you to do so. Your report needs to include the meeting agenda and your certification of 30 minutes of attendance as well as the main topics covered. Requirement accepted to February 27th if necessary.

Feb. 11 4. Homework requirement a, b & c report due.

Feb. 11 5. Homework requirement report due.

Feb. 4 6. Discuss Requirement #6. Participation is expected and all Scouts present will complete Requirement #6 in this session.

Feb. 18 7. Homework requirement a, b & c report due. Again, you have permission and are encouraged to work on this as soon as you can, prior to February 4th and throughout the time frame of the Merit Badge Midway. If you cannot complete the 8-hour requirement by this date, requirement completion will be accepted up to February 27th.

Feb. 18 8. Once again, you may work on this requirement prior to February 4th and throughout the Merit Badge Midway, but your homework report is due on February 18th. I will accept your evidence of completion of this requirement up to February 27th.

It is my goal to raise the average completion rate from 50% to a majority of all Scouts taking this course and receiving their merit badge for Citizenship in the Community. Let's work together, communicate and complete all requirements. I want you to succeed and become an Eagle. Thanks!
